ESOTERIC ANTHROPOLOGY.

BY T. L. NICHOLS, M. D.
PRINCIPAL of the American Anthropological Institute, Educational and Therapeutic, at Portchester, N. Y., one hour's distance from New York city or the New York and New Haven Railroad. A comprehensive and confidential Treatise on the Structure, Functions, Passional Attractions and Perversions, True and False Physical and Social Conditions, and the most intimate Relations of Men and Women.

The title, Esoteric Anthropology, will seem strange to many, but it is thoroughly appropriate. Anthropology is from *anthropos*, a man, and *logos*, a description. Esoteric, from *eso*, within, signifies private, secret, interior, and was used by the ancient philosophers to distinguish their private lectures, given in the interiors of their dwellings, upon the sacred mysteries of science and philosophy, to their chosen disciples, from their *Exoteric* discourses which were given to the public. *Esoteric* Anthropology is, therefore, a private treatise on Human Anatomy, Physiology, Therapeutics and Obstetrics—on the whole science of man—plain in language, full and faithful in illustration, and written with all the frankness of a private letter, under the seal of professional confidence. It contains the highest and deepest truths in every department of Human Physiology, with their individual and social application; the true nature and hidden cause of Disease; the conditions of Health, physical and passional; all that information which every human being needs, which few dare ask for, or know how to obtain, but which, amid the corruptions and depravities of civilization, is of priceless value.

There are many subjects connected with the broad science of Human Life, of the deepest and most vital interest to man and the race, in regard to which a terrible ignorance everywhere prevails; an ignorance which is destroying the healths, shortening the lives, and sacrificing the happiness of millions—which threatens the power of nations, and the perpetuity of races.

Professional works on Physiology are dry, mechanical, or chemical, astonishingly ignorant, as well as technically incomprehensible. The popular works are superficial, meager, and necessarily wanting in the most important matters. The quick books are full of errors, false in science, absurd in philosophy, mischievous in morals, and barely necessary in their motives. In most cases these books are the advertising medium of some specious charlatan, who waits patients, or letters of consultation, or who has some instrument to sell, or some rum to palm off upon the credulous.

The world has need of a different book from any of these—such a book as has never been written, and as cannot now be published in the usual way, sold by booksellers, or hawked by agents or peddlers. The author of *Esoteric Anthropology*, a Teacher, a Physician, a public and private Lecturer on all branches of Medical Science, has written this book with a frankness he never could have used in a work for the public, or one open to criticism. It is for his pupils and patients, for intelligent men and women, who wish to understand the deepest mysteries of life; especially it is for the noble and heroic few, who are brave enough to examine and accept new truths, and wise enough to profit by them. There can scarcely be any important question, which any man or woman can ever need to ask a physician, to which this volume does not contain an answer. It is so complete in this respect, that the author hopes and believes that no one who reads it will ever need to trouble himself with a professional consultation. It is henceforth his chosen method of medical instruction and practice, and in it he has performed the duty he owes mankind as a healer of the sick, a preserver of health, and a teacher of the Laws of Life.

Among the subjects treated in this work, are the following: Man, and his relations to the Spiritual and Material Universe; Human Anatomy; the Chemistry of Man; Principles of Physiology and the Active Forces of Nature; The Three Groups of Functions, Organic, Animal, and Generative. The whole Philosophy and Processes of Reproduction; The True Law of Marriage; The Conditions of Health; Causes of Disease; Curative Agencies; Processes of Water-cure; Diseases and Treatment; Passional Diseases; Diseases of the General System; Brain and Nerves; Respiration; Digestion; Generation; Gestation and Parturition; Lactation and the Management of Infancy, etc., etc., including every important condition and process from the beginning to the close of life, and containing especially—

1. A clear and simply illustrated view of the structure of the human body, and all its complex organism, male and female.
2. A full account of the functions of life, with such an illustrated description of the evolution of the embryo, as has not before been given.
3. All that is known of health and disease, with the means for the preservation of the former, and cure of the latter.
4. So careful an explanation of the whole process of gestation and childbirth, as will enable every woman to dispense with the services of a physician or professional midwife.

ESOTERIC ANTHROPOLOGY is plain and simple in language, full in illustration, as comprehensive as the utmost curiosity can wish, and without one line of quackery, or the remotest hinting at a fee.

It must be evident that such a book, written with the necessary freedom, and illustrated with fullness and fidelity, must not be profaned. It is not for the counter, the book-stall, the library shelf, or the center table. It is not to be offered for curious examination, nor urged upon those who can not appreciate its value. It is advertised, that every one who needs it may obtain it, if he will. Whether the social proprieties be true or false, the author can not violate them, and he feels compelled to keep this book truly *esoteric*, a private work, to be sent as a confidential answer to a professional consultation, and he trusts that no person will apply for it who will not make it a point of honor to so consider it.

To all such persons it will be sent BY MAIL, at any designated address. POST PAID, on the receipt of One Dollar, sent free of postage, to T. L. NICHOLS, M. D., Portchester, N. Y.

Stroudsburg and Easton
For Jervis, Mauch Chunk and Scranton

STAGE LINES.

The Stroudsburg and Easton mail line of stages, consists of excellent four horse coaches, and leaves J. J. Postens' Indian Queen Hotel, Stroudsburg, Pa. every day (except Sundays) at 7 o'clock A. M., arriving in Easton before the departure of the cars for New York, or stages to Bethlehem and Allentown.

The following lines leave Postens' Indian Queen Hotel, Stroudsburg, Pa. every Monday, Wednesday and Friday, returning on alternate days:

A line to Port Jervis, leaving at 7 o'clock A. M. via Bushkill, Dingman's Choice and Milford. Returning, leaves Port Jervis immediately after the arrival of the morning train of cars to New York, at about 8 o'clock A. M.

A line to Mauch Chunk, leaving at 7 o'clock A. M. via Broadheadsville, where it connects with lines to Wilkes-Barre and Haverhill.

A line to Scranton, leaving at 7 o'clock A. M. via Bartonville, Tannersville, where it connects with a line to Honesdale, and connecting at Scranton with the cars for the West.

STOUFFER & OSTRANDER,

A SURE REMEDY FOR WORMS.

The testimony in its favor is overwhelming. The proprietors are daily in receipt of letters and certificates, going to prove its remarkable efficiency to all cases of worms, both in children and adults. The brief given, and the immediate improvement of health which follows its use, has attracted the attention of physicians to this article, and they freely recommend & prescribe it in their practice. The retail price is 25 cents per vial which brings it within the means of all.

Brooklyn, L. I. January 16, 1847.
I do certify that I gave one bottle of B. A. Farnestock's Vermifuge to my child, and in seven hours it passed 25 large worms. Any person doubting this may apply for further information at my residence corner of York and Jackson's Sts.

JAMES MCCAFFREY.
Poughkeepsie, N. Y. March 2, 1844.
I certify that I took two vials of B. A. Farnestock's Vermifuge, which I found to be the greatest cure for worms I have ever used. I have been troubled with tape worms for a number of years, and I have never found so good a medicine as B. A. Farnestock's Vermifuge. I therefore recommend it.

MARTHA CLIFT.
The public is cautioned against counterfeit and spurious articles, and to pay no confidence in statements that "Kohlmeier's," and "S. Farnestock's Vermifuge," are the same or as good as the only genuine article, which is B. A. Farnestock's Vermifuge.

IMPOTENCY.—Through unrestrained indulgence of the passions, by excess or self-abuse, the evils are numerous. Premature impotency, involuntary seminal discharge, wasting of the organs, loss of memory, a distaste for female society, general debility, or constitutional derangement, are sure to follow. If necessary, consult the Doctor with confidence; he offers a perfect cure.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases their lives, in the hands of Physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.

Every respectable physician has his peculiar branch, in which he is more successful than his brother professors, and to that he devotes most of his time and study.

HORSES MADE SOUND

BY THE

Horse Owner's Secret,

Being a new and certain remedy for the speedy

Cure of Heaves,

By SIR JAMES LYNDONTON,

Principal Farrier to his Royal Highness Prince Albert.

THE great discovery contained in this little work procured Sir James his Baronetcy. It is really worth its weight in gold to all who own or use Horses. It prescribes a certain and positive cure for Heaves which any person can prepare. The remedy is better, and cheaper than any advertised Heave Powder, and is perfectly safe, as any one can know who tries it. Horse owners know that many a valuable Horse loses half its price by this prevalent disease. The remedy prescribed in this work will cure him and increase his market value, besides relieving the poor beast of a horrible complaint, similar to the Asthma in a man. The public can depend on this work; it is no catchpenny humbug. The articles prescribed by Sir James are all cheap and can be had at any store. To prevent imposition the work will be sent in sealed envelopes. English price four shillings and three pence sterling.—American price, \$1 per copy. Persons ordering Sir James' Work, are expected to confine his instructions to their own animals.—It will be sent to none others.

An American Horse Doctor approves of the above System! Read what he says:
